

Your business printing centre

Dear Fellow Business Person:

Are you keeping up to the fast pace of today's business? I'll bet you're missing out on some great opportunities because you're just too busy.

- Too busy to create a brand for your business that projects your professional image
- Too busy to design and print advertising materials to clear out that inventory
- Too busy to prepare for the tradeshow your competitors are in

Am I right? Now then, wouldn't it be great if you could find a place where the staff is as professional as you are? Where they care as much about your business as you do?

Well, there is such a place right here, in Montreal. It's called **dossier** and I'd like to tell you more.

dossier was created by a company you already know: Bureau en Gros. I think you'll agree that, as Canada's leading office supply retailer, Bureau en Gros knows exactly how to serve the needs of today's busy professionals. Like you.

dossier is a one-stop, turnkey business solutions centre. Every day, I hear from people who tell me that **dossier** made them look like a hero to their clients!

They say that **dossier** has become an extension of their business, and allowed them to increase the range of services they offer their own clients.

Or that **dossier** saves them time because they can leave their projects in total confidence, knowing that the results will be perfect and on time. Every time. **GUARANTEED!**

I hope you'll take a few minutes to look through this folder and find out more about the services we offer. But to really understand what makes **dossier** so different, you have to try us for yourself.

Whether it's our 4-hour EXPRESS service (the fastest in Montreal), our FREE pick-up and delivery or the fact that we have professional graphic artists and experienced digital printers right in our stores, I know you'll find your own reason to love **dossier!**

To your success!
